ORGANIC WINES

The demand for organic wines has grown hugely over recent years. Organic wines are made from grapes which come from vineyards that are free from herbicides, insecticides and inorganic fertilizers. All the wines below are produced using totally traditional methods.

DE-ALCOHOLISED WINES

Sutter Home Fre is produced by using the revolutionary spinning cone column, which facilitates the safeguarding of fragile wine aromas and flavours at low temperatures, then removes the alcohol at a slightly higher temperature. The wine essences are then reintroduced to the de-alcoholised base wine and blended with unfermented fruit juices. These wines contain less than 0.5% alcohol.
